### ARCHITECT / DESIGNER

WG Architecture  
Voytek  
470 Granville Street  
Vancouver, BC V6C 1V5  
T 604-331-2378

The development is comprised of 71 townhomes. This unique site has a heritage building, the George E. Lawrence heritage house, which has been preserved as part of the development and become the Mackenzie Estates Amenity Building. The George E. Lawrence heritage house is one of the few remaining buildings in the Surrey area that is associated with farming and ranching practices dating back to 1908.

**EXCELLENCE  
AWARD**

Parallel North took an overlooked parcel of land and brought it to life by creating a master planned community of 21 townhomes. Instead of demolishing a pre-existing environmental area, Diverse Properties recognized its value and revitalized it through consideration and consultation with an environmental organization. These townhomes now reach the trifecta of modern living, close amenities and access to untouched nature.
